

*December 1, 2022 at 17:00 Moscow Time  
Address: Moscow, Pokrovka str., 5,  
International Press-Conference  
of the Foundation to Battle Injustice  
«The end of US democracy: election fraud deprives  
Americans of the right to vote»*

## **PRESS RELEASE**

On Thursday, December 1, 2022 at 17:00 Moscow Time on the OSN Media platform (Moscow, Pokrovka str., 5), will be held an international press conference of the Foundation to Battle Injustice «*The end of US democracy: election fraud deprives Americans of the right to vote*». During the conference will be presented unique facts and sensational revelations concerning mass violations and fraud in the US 2020 presidential elections and the 2022 midterm elections. New facts of fraud will be announced at the conference, evidence of gross violations during the American elections will be made public.

During the last two election cycles, a record number of violations, scandals and frauds related to the massive use of mail-in voting, systematic failures of voting machines and tabulators, delays in counting votes were recorded. Speakers from Russia and the United States will present facts about flagrant violations during the democratic process. Details of election fraud that have not been published by the media before will be announced at the press conference. These violations undermine the credibility of the American voting system, contradict international resolutions and agreements and suppress Americans' freedom to vote, enshrined in the US Constitution.

The following speakers will take part in the conference:

- Diane Sare — a politician, independent candidate for the U.S. Senate from the state of New York;
- Harley Schlanger — a public figure, Vice President of the analytical center “Schiller Institute” in the US;
- Charles Bausman — a journalist, participant of the protests on January 6, who was forced to leave the United States to escape political persecution;
- Mira Terada — a human rights defender, head of the Foundation to Battle Injustice.

We invite representatives of the media to take part in the conference. To obtain accreditation for media representatives, please contact the phone number: +7 (915) 023-10-49.
